The Honorable Mark Dayton  
Governor of the State of Minnesota  
And Members of the Legislature  
State Capitol  
Saint Paul, Minnesota 55155

Dear Governor Dayton:

The Department of Public Safety, Bureau of Criminal Apprehension (BCA) is pleased to submit the *Minnesota Uniform Crime Report-2015* for your review. This report is compiled and published in accordance with Minnesota Statutes, section 299C.18.

In 2015, Minnesota recorded a 1.2% decrease in Part 1 crimes. Violent crimes (murder, rape, robbery and aggravated assault) increased 7.6% and property crimes (burglary, larceny, motor vehicle theft and arson) decreased 2%.

This report provides statistics to law enforcement, members of state government and the general public for their use in analyzing crime in Minnesota. In addition, the data has been submitted to the Federal Bureau of Investigation's Uniform Crime Reporting Program.

These statistics have been compiled from data submitted by Minnesota police chiefs and sheriffs. Their continued contributions allow the BCA to provide what is currently the most comprehensive picture of crime in Minnesota.

Sincerely,

Ramona L. Dohman, Commissioner

# State of Minnesota

## PREFACE

In 1935, the Bureau of Criminal Apprehension (BCA) was given the responsibility to collect activity information from law enforcement agencies throughout the state of Minnesota. Reports containing this information were completed and forwarded to the concerned parties every two years as required by state statute until 1972, when the reports began to be produced annually.

This report measures criminal activity in the state using data submitted by individual law enforcement agencies. The criminal activity consists of incidents, stolen and recovered property, and arrests. In addition to crime data, this report also contains other data required in statute including the number of law enforcement officers killed or assaulted; firearms discharges by police officers; missing person reports; police pursuits, and bias offenses. Limited information is also available on law enforcement personnel.

Comparisons with previous years' statistics are presented for trend changes that may be of use to the reader.

The *Minnesota Uniform Crime Report – 2015* report is compiled from crime statistics provided by Minnesota law enforcement agencies. Law enforcement agencies use Minnesota Offense Codes (MOCs) to categorize crime for reporting purposes. MOCs are created based on Minnesota statutes and each code represents a specific crime category. Each year the BCA makes additions, deletions, and corrections to MOCs based on statute changes, FBI clarification, and identification of errors. As a result the way crimes are categorized can change from year to year.

Any comparisons with previous years should be viewed with caution.

The Minnesota Department of Public Safety, Bureau of Criminal Apprehension wishes to thank the cooperating law enforcement agencies whose assistance make this report possible.

## NOTICE

The data presented in this report is submitted by law enforcement agencies in Minnesota. Each agency is responsible for the accuracy, completeness and timeliness of the data the agency chooses to submit. Agency policy on what to submit may vary and those variances are reflected in the data and statistics presented.

## LAW ENFORCEMENT AGENCIES CONTRIBUTING

To assure an accurate interpretation of the data presented in this report, the exact number of law enforcement agencies submitting information must be provided. Reports are collected for cities and town) and Sheriff's offices according to the definitions of Uniform Crime Reporting. Police departments report information for cities while sheriff's departments collect information for rural areas. Since 1936, the average percent of sheriff's offices and police departments forwarding information has been at least 94 percent.

**Table 1.1 – Total Number of Police Department Contributors, 2015**

Population Group	Total Number of Agencies	Agencies Reporting	Percent Agencies Reported	Total Population	Population Reported	Percent Reported
Over 250,000	2	2	100.0	714,200	714,200	100.0
100,000 to 250,000	1	1	100.0	112,542	112,542	100.0
50,000 to 100,000	16	16	100.0	1,062,179	1,062,179	100.0

## **CRIME REPORTING REQUIREMENTS, PROCEDURES AND FACTORS**

### **BACKGROUND**

The state of Minnesota has participated in the FBI's Uniform Crime Reporting (UCR) Program since 1936. Minnesota statutes require and authorize the Bureau of Criminal Apprehension to collect UCR data. The statutes are as follows.

**Section 299C.05 CRIME DATA COLLECTION.** It shall be the duty of this division to collect, and preserve as a record of the bureau, information concerning the number and nature of offenses known to have been committed in the state, of the legal steps taken in connection therewith from the inception of the complaint to the final discharge of the defendant, and such other information as may be useful in the study of crime and administration of justice. The information so collected and preserved shall include such data as may be requested by the United States Department of Justice, at Washington, under its national system of crime reporting. To the extent possible, the superintendent must utilize a nationally recognized system or standard approved by the Federal Bureau of Investigation to collect and preserve crime data.

**Section 299C.06 DIVISION POWERS AND DUTIES; COOPERATION.** It shall be the duty of all sheriff's, chiefs of police, prison wardens, superintendents of hospitals for persons with mental illnesses, reformatories and correctional schools, probation and parole officers, school attendance officers, coroners, county attorneys, court clerks, the commissioner of public safety, the commissioner of transportation, and the state fire marshal to furnish to the division statistics and information regarding the number of crimes reported and discovered; arrests made; complaints, informations and indictments filed, and the disposition made of same; pleas, convictions, acquittals, probations granted or denied; conditional release information; receipts, transfers, and discharges to and from prisons, reformatories, correctional schools and other institutions; paroles granted and revoked; commutation of sentences and pardons granted and rescinded; and all other data useful in determining the cause and amount of crime in this state and to form a basis for the study of crime, police methods, court procedure, and penal problems. Such statistics and information shall be furnished upon the request of the division and upon such forms as may be prescribed and furnished by it. Unless otherwise required or permitted by the superintendent of the Bureau of Criminal Apprehension, an agency or person furnishing information under this section must utilize a nationally recognized system or standard approved by the Federal Bureau of Investigation for reporting statistics and information. The division shall have the power to inspect and prescribe the form and substance of the records kept by those officials from which the information is so furnished.

**Section 299C.12 RECORD KEPT BY PEACE OFFICERS; REPORTS.** Every peace officer shall keep or cause to be kept a permanent written record, in such form as the superintendent may prescribe, of all felonies reported to or discovered by the officer within the officer's jurisdiction and of all warrants of arrest for felonies and search warrants issued to the officer in relation to the commission of felonies, and shall make or cause to be made to the sheriff of the county and the

bureau, reports of all such crimes, upon such forms as the superintendent may prescribe, including a statement of the facts and a description of the offender, so far as known, the offender's method of operation, the action taken by the officer, and such other information as the superintendent may require.

## **GOALS AND OBJECTIVES**

The primary goal of the UCR program in Minnesota is to provide statistical information on the volume and effect of crime.

The major objectives of Minnesota's UCR Program include:

1. Statistics on crime in Minnesota to be used by the Governor, Legislature, and other concerned individuals.
2. Statistics on crime for administrative and operational use by law enforcement administrators.
3. Statistics on specific criminal offenses to be used in the FBI's national crime reports.
4. Statistics involving the age, sex and race of offenders and bias crime factors to determine the proper focus for crime prevention and enforcement.
5. Statistics on crime for researchers to assist in the understanding of the causes of crime within a biological, sociological and/or psychological framework.
6. Statistics on crime to measure the workload and effectiveness of the current state criminal justice system.
7. Statistics on crime for personnel employed by the criminal justice system to help assist in improving the efficiency and performance of criminal justice agencies.

## **REPORTING PROCEDURES**

Through Minnesota's crime reporting statutes, participating Minnesota law enforcement agencies are required to submit information as determined by the Department of Public Safety. The required information is tallied from each agency's internal record of complaints, investigations, miscellaneous reports and arrests. To help achieve a uniformity of reporting throughout the state, a copy of the Summary Reporting System User Manual is made available to each agency. Department of Public Safety personnel review the submissions and contact the submitting agency if inconsistent reporting or errors are noted.

The Department of Public Safety, with input from the FBI, established its specific program to measure criminal activity for state and federal purposes. The result is a tabulation of the number and type of offenses committed, cases cleared or solved, and persons arrested. One violation is all that is required to trigger reporting requirements, but a criminal act may involve several crimes, several persons, and several victims. When a criminal act involves more than one offense, only the most serious offense is counted, with some exceptions.

One part of criminal data collection involves juvenile offenses (committed by an individual under age 18). Many times juvenile offenses are handled informally within agencies and therefore go unreported. In cases where an offense involves both adults and juveniles, and subsequent arrests are made of both, the crime reporting program will indicate this offense to be cleared by the arrest of the adult. Juvenile arrests are used for clearance purposes in those instances where only juveniles

are involved.

"Clearance by arrest" indicates that at least one person was arrested, cited, or appeared in court based on a summons. This does not preclude the fact that others may also have been involved in the offense.

Clearance Rate is calculated by counting the clearances reported for the year divided by the offenses reported for the year. Clearances that an agency reports in the calendar year may pertain to offenses that occurred in previous years. Therefore an agency could have more clearances than offenses for the year.

Clearing an offense by the arrest of a person(s) is but one means of indicating such activity. Another involves "exceptional clearances." An exceptional clearance exists when some element beyond law enforcement action prevents formal charges against the offender. Such a situation might arise if:

1. The offender commits suicide.
2. A double murder occurs (two persons kill each other).
3. The offender dies after making a confession (dying declaration).
4. The offender is killed by a law enforcement officer.
5. The offender confesses to committing the crime while already in custody for another crime or serving a sentence.
6. The offender is prosecuted in another city for a different crime by federal, state, or local authorities, or for the same offense, and the other jurisdiction refuses to release the offender.
7. Another jurisdiction refuses to extradite the offender.
8. The victim of a crime refuses to cooperate in the prosecution.
9. The offender is a juvenile who is handled by a verbal or written notice to the parents in instances involving minor offenses.

The count of offenses is the complaints received by law enforcement agencies from victims, witnesses, or other sources, or discovered by agencies. Complaints determined by subsequent investigation to be unfounded are eliminated from the count. The resulting number of actual offenses for each crime offense category is reported whether anyone is arrested, stolen property is recovered, local prosecutorial policy, or any other consideration. Reported offenses are recorded by the agency that has jurisdiction where the offenses occur. Law enforcement agencies also submit additional offense information that is included in this report.

Crime data and information submitted by law enforcement agencies is collected in the Minnesota Crime Reporting System. Once received, it is processed and published for use in state and national reports as well as by the participating agencies.

"Crime rate" is a term used in evaluating criminal statistics. It is the number of crimes reported by law enforcement per 100,000 in population.

## **CRIME FACTORS**

The current method of crime reporting is subject to several limitations to the accuracy of this report.

Law enforcement agencies can only report what is known to them. In many instances crime victims do not inform the law enforcement agency about the crime. The public tends to not report minor crimes or crimes that leave the victim concerned about public embarrassment or personal safety.

Another element of concern is that not all law enforcement agencies report crime information. When agencies neglect to report crime information it reduces the accuracy of the larger crime picture.

"Selective reporting" can also affect the accuracy of this report. Selective reporting reflects only the crimes which an agency considers important or necessary to be reported through the system. This results in a misleading account of the crime picture within a jurisdiction and across the state.

Conditions beyond the control of law enforcement also affect the measurement and analysis of crime. These conditions include but are not limited to:

- Legislative changes on what is a criminal offense.
- Density and size of the community population and the metropolitan area of which it is part.
- Composition of the population with reference particularly to age, sex, and race.
- Economic status and mores of the population.
- Relative stability of population including commuters, seasonal residents and transients.
- Climate, including seasonal weather conditions.
- Educational, recreational, and religious characteristics.
- Effective strength of the police force.
- Standards governing appointments to the police force.
- Policies of law enforcement agencies.
- Policies of the prosecuting officials and the courts.
- Attitude of the public toward law enforcement.
- The administrative and investigative efficiency of local law enforcement agencies, including the degree of adherence to crime reporting standards.

Information provided in the Minnesota *Uniform Crime Report 2015* is as accurate as currently available in the state. Crime and arrest statistics should be interpreted with caution when comparing different law enforcement jurisdictions. **Reported crimes relate to events, while arrests relate to persons.** For any one criminal act there may be multiple crimes, multiple offenders, and multiple victims.

## A DESCRIPTION OF UNIFORM CRIME REPORTING OFFENSES AND THEIR CLASSIFICATION

The Department of Public Safety Bureau of Criminal Apprehension uses reporting techniques recommended by the FBI to record data submitted by Minnesota law enforcement agencies. The submitted data contains information regarding Part I Offenses.

Part I Offenses are ten serious crimes that occur on a regular basis and are likely to be reported to law enforcement.

Part I Offenses are generally referred to as the "Crime Index" measurement. Part II Offenses

represent "less serious" crime classifications. Part I and Part II crimes are defined by the FBI Uniform Crime Reporting Program.

Part I Offenses include murder, rape, aggravated assault, robbery, burglary, larceny, motor vehicle theft, arson, human trafficking – commercial sex acts, and human trafficking – involuntary servitude. These crimes were chosen by the FBI because of their uniformity of definition, total volumes, and likelihood of being reported. Murder, rape, aggravated assault, human trafficking, and robbery are also known as "violent crimes." Burglary, larceny, motor vehicle theft and arson are considered "property crimes." A law enforcement agency becomes aware of these crimes in several ways: reports of its own officers, citizen complaints, notification from a prosecuting attorney or information supplied by court officials.

#### **PART I OFFENSE DEFINITIONS (Serious Crime)**

**Criminal Homicide** - The killing of another person.

- a) Murder and Nonnegligent Manslaughter - The willful (nonnegligent) killing of one human being by another. As a general rule, any death caused by injuries received in a fight, argument, quarrel, assault, or commission of a crime is classified as Murder and Nonnegligent Manslaughter.
- b) Manslaughter - The killing of another person through gross negligence. As a general rule, any death caused by the gross negligence of another is classified as Criminal Homicide—Manslaughter by Negligence.

The 'Unborn' age category is considered a homicide by the state of Minnesota, but not by the FBI. Minnesota began collecting this category in 2011.

**Rape** (does not include Statutory Rape).

- a) Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- b) Assault to Rape-Attempts - All assaults and attempts to rape.

**Robbery** - The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

- a) Armed Robbery-Any Weapon - When any object is so employed as to constitute force or the threat of force, it will be considered a weapon. This would include firearms, knives, clubs, brass knuckles, blackjack, broken bottles, acid, explosives, etc. Cases involving possible pretended weapons or cases involving weapons not seen by the victim but which the robber claims to have with him should be counted in this category.
- b) Strong Arm-No Weapon - This includes muggings and similar offenses where no weapon is used but strong-arm tactics are employed to deprive the victim of his property. This definition is limited to hands, arms, fists, feet, etc. This includes all attempts.

**Aggravated Assault** - An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

- a) Gun - Includes all assaults or attempted assaults involving the use of any type of firearm. This includes revolvers, automatic pistols, shotguns, zip guns, pellet guns, etc.
- b) Knife or Cutting Instrument - Includes all assaults or attempted assaults involving the use of cutting or stabbing objects such as knives or razors, hatchets, axes, cleavers, scissors, glass, broken bottles, daggers, ice picks, etc.
- c) Other Dangerous Weapons - Includes all assaults or attempted assaults when an object other than a gun, knife or cutting instrument is used. This includes clubs, bricks, jack handles, bottles, explosives, acid, lye, poisons, scalding water, and cases of attempted drowning and burning, etc.
- d) Hands, Fists, Feet, etc. Aggravated - Includes all assaults with hands, fists, feet, etc., which could result in an aggravated assault conviction. In order for the crime to be classified as aggravated, the victim must suffer great bodily harm.

**Burglary - Breaking and Entering** - Includes any unlawful entry or attempted forcible entry of any structure to commit a felony or larceny. A burglary is any unlawful entry or attempted forcible entry of any dwelling, attached structure, public building, shop, factory, storehouse, apartment, house, trailer, warehouse, mill, farm, ship, railroad car, etc. This does not include breaking and entering of motor vehicles. These are scored in the larceny category.

- a) Forcible Entry - Includes all offenses where force of any kind is used to unlawfully enter a locked structure such as any of those listed above with intent to steal or commit a felony. This includes entry by use of a master key or other device that leaves no mark to open a lock.
- b) Unlawful Entry-No Force -The entry of a structure is achieved by use of an unlocked door or window. The element of trespass to the structure is essential in this category, which includes thefts from open garages, open warehouses, open or unlocked dwellings, and open or unlocked common basement areas in apartment houses where entry is achieved by other than the tenant who has lawful access.
- c) Attempted Forcible Entry – This category includes those situations where a forcible entry is attempted but not achieved.

**Larceny-Theft** (does not include Motor Vehicle Theft) - The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Larceny and theft are synonymous in the UCR Program. This involves all thefts resulting from pocket picking, purse snatching, shoplifting, larceny from auto, larceny of auto parts and accessories, bicycle theft, larceny from buildings, and larceny from any coin operated machines. Any theft that is not a robbery or any theft that does not result from a breaking and entering shall be scored here. Excludes embezzlements, unlawful conversions, larceny by bailee, frauds or bad checks. When the true or known value of stolen property is not available, estimates based on accepted police methods of property evaluation are used.

**Motor Vehicle Theft** - Motor Vehicle Theft includes the theft or attempted theft of a motor vehicle, which the UCR Program defines as a self-propelled vehicle that runs on land surface and not on rails, such as, sport utility vehicles, automobiles, trucks, buses, motorcycles, motor scooters, all-terrain vehicles, and snowmobiles. This category does not include farm equipment, bulldozers, airplanes, construction equipment, or water craft (motorboats, sailboats, houseboats, or jet skis). Excludes incidents in which the alleged offender had lawful access to the vehicle as in a family situation, or the unauthorized use by others having lawful access to the vehicle such as chauffeur, employee, etc.

**Arson** - Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling, public building, motor vehicle or aircraft, personal property of another, etc. A death resulting from arson will be classified as murder and personal injuries resulting would be classified as assaults.

**Human Trafficking – Commercial Sex Acts** – Includes all offenses where a person was induced by fraud, or coerced to participate in commercial sex acts, or in which the person induced to perform such act(s) has not attained 18 years of age.

**Human Trafficking – Involuntary Servitude** – Included in this category are offenses where a person(s) is obtained through recruitment, harboring, transportation, or provision and subjected by force, fraud, or coercion into involuntary servitude, peonage, debt bondage, or slavery (not to include commercial sex acts).

## **PART II OFFENSE DEFINITIONS (Less Serious Crime)**

**Other Assaults** - This classification consists of all assaults and attempted assaults which are simple or minor in nature.

**Forgery and Counterfeiting** - The altering, copying, or imitating of something, without authority or right, with the intent to deceive or defraud by passing the copy or thing altered or imitated as that which is original or genuine. Also includes the selling, buying, or possession of an altered, copied, or imitated thing with the intent to deceive or defraud.

**Fraud** - The intentional perversion of the truth for the purpose of inducing another person or other entity in reliance upon it to part with something of value or to surrender a legal right. Fraudulent conversion and obtaining of money or property by false pretenses.

**Embezzlement** - The misappropriation or misapplication of money or property entrusted to one's care, custody, or control.

**Stolen Property-Buying, Receiving, Possessing** - Includes all offenses of buying, receiving, possessing, or concealing stolen property as well as all attempts to commit any of these offenses.

**Vandalism-Destruction of Property** - Includes all willful or malicious destruction, injury, disfigurement or defacement of any public or private property, real or personal, without the

consent of the owner or person having custody or control by cutting, tearing, breaking, marking, painting, drawing, covering with filth or any other such means as may be specified by law.

**Weapons** - The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons.

**Prostitution and Commercialized Vice** - The unlawful promotion of or participation in sexual activities in exchange for anything of value. To solicit customers or transport persons for prostitution purposes, to own, manage, or operate a dwelling or other establishment for the purpose of providing a place where prostitution is performed, or to otherwise assist or promote prostitution.

**Sex Offenses** - Includes all sex offenses other than forcible rape, prostitution, and commercialized vice. This encompasses offenses against chastity, common decency, and morals.

**Drug Abuse Violation** - The violation of laws prohibiting the production, distribution, and/or use of certain controlled substances. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs.

**Gambling** - Includes all charges relating to promoting, permitting, or engaging in illegal gambling.

**Offenses Against Family and Children** - Unlawful nonviolent acts by a family member (or legal guardian) that threaten the physical, mental, or economic well-being or morals of another family member and that are not classifiable as other offenses, such as Assault or Sex Offenses. Includes all charges of non-support, neglect, or abuse of family and children by such acts as desertion, abandonment, or non-support, neglect or abuse of a child, or nonpayment of alimony.

**Driving Under the Influence** - Driving or operating a motor vehicle or common carrier while mentally or physically impaired as the result of consuming an alcoholic beverage or using a drug or narcotic.

**Liquor Laws** - With the exception of drunkenness and driving under the influence, all state or local liquor law violations are placed in this class. Excludes federal violations, includes manufacturing, selling, transporting and furnishing as in maintaining unlawful drinking places. Bootlegging, operating a still, furnishing liquor to a minor and using a vehicle for illegal transportation of liquor are included.

**Disorderly Conduct-Disturbing the Peace** - Any behavior that tends to disturb the public peace or decorum, scandalize the community, or shock the public sense of morality. This classification includes:

- Unlawful assembly
- Disturbing the peace
- Disturbing meetings
- Disorderly conduct in state institutions, at court, at fairs, on trains or public conveyances, etc.
- Blasphemy, profanity, and obscene language
- Refusing to assist an officer
- Attempts to commit any of the above

**Vagrancy** - The violation of a court order, regulation, ordinance, or law requiring the withdrawal of persons from the streets or other specified areas, prohibiting persons from remaining in an area or place in an idle or aimless manner, or prohibiting persons from going from place to place without visible means of support.

**All Other Offenses** - All violations of state or local laws not specifically identified as Part I or Part II offenses, except traffic violations.

This classification includes:

- Admitting minors to improper places
- Bigamy and polygamy
- Blackmail and extortion
- Contempt of court
- Kidnapping
- Possession of drug paraphernalia
- Riot and rout, etc.
- Attempts to commit any of the above

**Curfew and Loitering Law Violation (Juvenile)** - Offenses relating to local curfew or loitering ordinances, where such laws exist. It is limited to juveniles taken into protective custody who have run away from the reporting jurisdiction.

**Runaways (Juveniles)** - This classification is limited to juveniles taken into protective custody under provisions of state statutes.

## MINNESOTA OFFENSE INFORMATION

### CRIME INDEX – SERIOUS (OR PART 1) CRIMES

In previous years ten major criminal offenses were referred to as the *crime index* and they were used to evaluate the changes and trends in amounts of crime over designated periods of time. Following is a summary of the crime index for 2015 utilizing the same ten major criminal offenses in order to present a historical comparison from past years.

The **crime index** in Minnesota totaled:

- 135,382 offenses during 2015, which was a decrease of 1.2 percent from the 136,989 offenses occurring in 2014.
- \* The crime rate<sup>2</sup> represented 2,368 per 100,000 in population for 2015, while in 2014 the crime rate was registered at 2,528 per 100,000 population, a decrease of 6.3 percent.
- Of the total crime index offenses reported in 2015, 30.5 percent were cleared by arrest or exceptionally cleared. In 2014, 28.8 percent of the total offenses were cleared by arrest or exceptionally cleared.
- Larceny was the largest category of serious crime reported for Minnesota in 2015 with a total of 94,392 offenses reported. Larceny was the largest category of serious crime reported for the state in 2014 with 95,326 total offenses reported.

Human Trafficking – Commercial Sex Acts and Human Trafficking – Involuntary Servitude were added to UCR crime reporting as a Part I violent crimes by the FBI in 2008. Minnesota began collecting and reporting the two additional Part I offenses in 2014.

### Violent Crimes

Violent crime in Minnesota accounted for 9.8 percent of all offenses reported in 2015. There were 13,294 total violent crimes (murders, rapes, robberies, aggravated assaults and human trafficking offenses) for the year. Compared with the 12,357 total violent crimes reported for 2014, the 2015 figure represents an increase of 7.6 percent in violent crime for the state. The number of violent crimes for the state per 100,000 population for 2015 was 232, while in 2014 there were 229 per 100,000 population.

- **Murder** - Offenses involving murder totaled 130 in 2015 in Minnesota compared to 82 in 2014, an increase of 58.5 percent.
- **Rape** - Minnesota registered 2,300 rapes in 2015 and 1,980 in 2014, an increase of 16.2 percent.<sup>3</sup>

---

<sup>2</sup> Minnesota crime rates per 100,000 are based on 5,717,579 state population estimate from the FBI for 2015.

<sup>3</sup> 2015 rape data reflects additional offenses that meet the FBI's definition of rape that were previously reported as Other Sex Assault.

- **Robbery** - There were 3,764 robberies in Minnesota in 2015 compared to 3,645 offenses in 2015, an increase of 3.3 percent.
- **Aggravated Assault** - Offenses involving aggravated assault numbered 6,981 in 2015 compared to 6,607 aggravated assaults in 2014, an increase of 5.7 percent.
- **Human Trafficking – Commercial Sex Acts** - There were 119 commercial sex acts reported in 2015 compared to 39 in 2014, an increase of 205.1 percent.<sup>4</sup>
- **Human Trafficking – Involuntary Servitude** - There were 0 involuntary servitude incidents reported in 2015 compared to 4 in 2014, a decrease of 100 percent.

### **Property Crimes**

Property crime in Minnesota in 2015 amounted to 90.2 percent of the crime index offenses for that year. There were a total of 122,088 property crimes (burglaries, larcenies, motor vehicle thefts, and arsons) reported in 2015. Compared with the 124,632 offenses reported in 2014, the 2015 figure represents a decrease of 2 percent in property crime for the state. The number of property crimes for the state per 100,000 population for 2015 was 2,136 and in 2014 it was 2,299.

- **Burglary** - There were 19,195 burglaries in Minnesota in 2015 compared to 20,492 offenses in 2014, a decrease of 6.3 percent.
- **Theft/Larceny** - Offenses involving larcenies in 2015 totaled 94,392 compared to 95,326 offenses in 2014, a decrease of 1 percent.
- **Motor Vehicle Theft** - In 2015 there were 7,921 offenses of motor vehicle theft compared to 8,201 offenses in 2014, a decrease of 3.4 percent.
- **Arson** - In 2015 there were 580 offenses of arson compared to 613 offenses in 2014, a decrease of 5.4 percent.

### **Total Arrests<sup>5</sup>**

Law enforcement agencies within Minnesota's 5,717,579 reporting population area reported 150,332 total arrests for UCR reported crime in 2015.

- **Adult Arrests** - Arrests for adults in 2015 totaled 127,400 and in 2014 arrests equaled 128,686.
- **Juvenile Arrests** - The total number of juveniles arrested in 2015 for criminal offenses totaled 22,932 and in 2014 there were 23,803 juveniles arrested.

---

<sup>4</sup> Some cases classified as *Human Trafficking–Commercial Sex Acts* involve a law enforcement officer posing online as a prostitute under age 18. An offender agrees to a commercial sex act with a person they believe is underage and a meeting is set up. The offender arrives at the meeting place and is arrested. In this type of case, when there isn't a real victim, the FBI has determined that law enforcement must enter **Unknown** for the victim information.

<sup>5</sup> Total arrests represent all arrests for adults and juveniles in either a Part I (serious) or Part II (less serious) criminal offense.

## CRIMES OF VIOLENCE

### **Criminal Homicide – Murder**

Criminal homicide involves those offenses of murder and non-negligent homicide that are classified as willful felonious deaths as distinguished from deaths caused by negligence. "Attempts to kill" are reported as aggravated assaults and not as murder. Justifiable or excusable homicides, suicides, accidental deaths, and deaths due to negligence are not tabulated in the state criminal homicide total.

### **Summary Homicide Information**

- In 2015 there were 144 homicides reported for the state. Of that number, 5 offenses were ruled negligent and 9 were ruled unfounded or justifiable, yielding a total of 130 criminal homicide victims.
- 101 criminal homicides were cleared in 2015.
- The crime rate for criminal homicide in 2015 was 2 per 100,000 population.

### **Supplementary Homicide Information**

Supplementary Homicide Reports are submitted to the Bureau of Criminal Apprehension by law enforcement agencies reporting homicides during the year. These reports provided additional information about the homicide offenses. The following information was compiled from reports on 118 criminal homicide incidents with 130 victims during 2015.

**Figure 3**

## Weapons Used to Commit Criminal Homicides

- 88 of the weapons used in criminal homicides were some type of firearm (61 percent).
- Of the victims killed in criminal homicides involving firearms:
  - 18 were killed by a family member
  - 24 were killed by a friend or acquaintance
  - 10 were killed by a stranger
  - 31 were killed by an offender with an unknown relationship to the victim.

## **Rape**

On January 1, 2013, the FBI changed the Uniform Crime Reporting national definition of rape "the carnal knowledge of a female, forcibly and against her will" to "penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of a victim." Statutory rape and other sex offenses are excluded from this category. Minnesota has always collected information on both male and female rape victims for state reporting. All figures presented will include both male and female victims.<sup>6</sup>

### **Summary Analysis**

- For the 2,442 rapes reported in 2015, 142 were listed as unfounded.
- There were 2,300 reported rapes that occurred in Minnesota in 2015; 2,179 were reported as completed while 121 were reported as attempted rapes.
- 871 rapes were cleared by arrest in 2015, 90 of these by the arrest of a juvenile.
- The crime rate for rape in 2015 represented 41 per 100,000 population.

**Figure 12**

This figure is available for [download](#).

<sup>6</sup>2015 rape data reflects additional offenses that meet the FBI's definition of rape that were previously reported as Other Sex Assault.

## **Robbery**

Robbery involves the felonious and forcible taking of the property of another against their will, by violence or by placing the person in state of fear. The crime of robbery necessitates that a victim be present. Robbery differs from larceny in that it is aggravated by the threat and element of force. An attempt to commit a robbery, either armed or strong-arm, is counted as if the actual offense did occur.

### **Summary Analysis**

- For the 3,795 robberies reported in 2015, 31 were listed as unfounded.
- 871 robberies were cleared by arrest in 2015, 177 of these by the arrest of a juvenile.
- The crime rate for robbery in 2015 represented 68 per 100,000 population.

**Figure 13**

**Figure 14**

**Figure 15**

## **Aggravated Assault**

Aggravated assault is an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. An aggravated assault may be committed with a gun, knife or cutting instrument, other dangerous weapons such as clubs, or through the use of hands, fists or feet. Assault with intent to commit murder is also listed as aggravated assault.

All assaults where no weapon is used which result in minor injuries are classified as other assaults and are not counted in the Part I crime total.

## **Summary Analysis**

- For the 7,095 aggravated assaults reported in 2015, 114 were listed as unfounded.
- 4,304 aggravated assaults were cleared by arrest in 2015, 499 of these by the arrest of a juvenile.
- The crime rate for aggravated assault in 2015 represented 125 per 100,000 population.

**Figure 16**

## **Human Trafficking**

### **Background**

The William Wilberforce Trafficking Victims Protection Reauthorization Act of 2008 requires the FBI to collect human trafficking offense data as Part I violent crimes. The act makes distinctions between assisting or promoting prostitution, purchasing prostitution, and prostitution. To comply with the Wilberforce Act, the FBI UCR Program added two Part I offenses, Human Trafficking – Commercial Sex Acts, and Human Trafficking – Involuntary Servitude. Minnesota human trafficking offense and arrest data for 2015 is included in this report.

2014 was the first full year this information was collected.

Some cases classified as Human Trafficking – Commercial Sex Acts involve a law enforcement officer posing online as a prostitute under age 18. An offender agrees to a commercial sex act with a person they believe is underage and a meeting is set up. The offender arrives at the meeting place and is arrested. In this type of case, when there isn't a real victim, the FBI has determined that law enforcement must report Unknown for the victim information.

### **Definitions**

**Human Trafficking – Commercial Sex Acts** – Inducing a person by force, fraud, or coercion to participate in commercial sex acts, or in which the person induced to perform such act(s) has not attained 18 years of age.

**Human Trafficking – Involuntary Servitude** – The obtaining of a person(s) through recruitment, harboring, transportation, or provision, and subjecting such persons by force, fraud, or coercion into involuntary servitude, peonage, debt bondage, or slavery (not to include commercial sex acts).

### **Summary**

- Agencies reported 119 incidents of Human Trafficking in 2015.
- Some agencies reported victim and offender data. Of the data reported, there were 95 Human Trafficking victims reported in 2015, all of which were reported as Commercial Sex Acts.
- The crime rate for human trafficking in 2015 was 1.7 per 100,000 population.

## CRIMES AGAINST PROPERTY

### Burglary

Burglary is the unlawful entry or attempted forcible entry of a structure to commit a theft or felony, even though no force may have been used to gain entry. Burglary is divided into three separate classes:

- Forcible Entry
- Unlawful Entry - No Force
- Attempted Forcible Entry

Supplementary information is collected that denotes the time and place of occurrence.

### **Summary Analysis**

- For the 19,533 burglaries reported in 2015, 338 were listed as unfounded.
- There were 19,195 actual burglaries that occurred in Minnesota in 2015.
- 3,113 burglaries were cleared by arrest in 2015, 225 of these by the arrest of a juvenile.
- The crime rate for burglary in 2015 represented 345 per 100,000 population.

## **Larceny-Theft**

Larceny-theft is the taking of the personal property of another with intent to permanently deprive them of ownership. Larceny data includes all offenses in which a theft or attempted theft occurred regardless of monetary loss assigned to the stolen property.

### **Summary Analysis**

- For the 95,840 larcenies reported in 2015, 1,448 were listed as unfounded.
- There were 94,392 actual larcenies that occurred in Minnesota in 2015.
- 30,272 larcenies were cleared by arrest in 2015, 3,570 of these by the arrest of a juvenile.
- The crime rate for larceny in 2015 represented 1,696 per 100,000 population.

**Figure 28**

**Figure 29**

**Figure 30**

**Figure 31**

## Motor Vehicle Theft

Motor Vehicle Theft is the larceny or attempted larceny of a motor vehicle, including automobiles, trucks/buses, and other vehicles such as snowmobiles, motorcycles, etc. "Joyriding" thefts are included under this category.

### **Summary Analysis**

- For the 8,261 motor vehicle thefts reported in 2015, 340 were listed as unfounded.
- There were 7,921 actual motor vehicle thefts that occurred in Minnesota in 2015.
- 1,614 motor vehicle thefts were cleared by arrest in 2015, 165 of these by the arrest of a juvenile.
- The crime rate for motor vehicle theft in 2015 represented 142 per 100,000 population.

**Figure 32**

This figure is available for [download](#).

## **Arson**

Arson is any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling, public building, motor vehicle or aircraft, personal property of another, etc. Fires of suspicious or unknown origins are excluded.

This crime category is distinctive from other offenses in that all crimes of arson are to be reported, even if they occur in conjunction with another crime.

### **Summary Analysis**

- For the 583 arsons reported in 2015, 3 were listed as unfounded.
- There were 580 actual arsons that occurred in Minnesota in 2015.
- 93 arsons were cleared by arrest in 2015, 26 of these by the arrest of a juvenile.
- The crime rate for arson in 2015 represented 10 per 100,000 population.<sup>7</sup>

**Figure 33**

<sup>7</sup>A system error resulted in some agency arson data being double counted in the statewide totals reflected in Table 5 in some past year reports. Past year data has been updated in this report. The correct values for all actual arson offenses statewide since 2010 are 750 in 2010, 699 in 2011, 748 in 2012, 694 in 2013, and 613 in 2014.

**Figure 34**

**Figure 35**

### **Property Crime Value Information**

Information on property stolen and recovered in Minnesota for the offenses of criminal homicide, rape, robbery, burglary, larceny and motor vehicle theft is reflected in the following tables and figures.

**Table 8 – Property Stolen by Offense, 2015**

Type	Value of Property Stolen
Murder	\$ 6,921
Rape	\$ 10,303
Larceny	\$ 54,014,492
Burglary	\$ 26,178,849
Robbery	\$ 1,871,086
Motor Vehicle Theft	\$ 25,269,164
Grand Total	\$ 107,350,815

## **MINNESOTA ARREST INFORMATION**

Arrest information submitted by Minnesota law enforcement agencies in 2015 is compiled into state totals in the categories of age, sex, and race factors. Data has also been tabulated for the specific kinds of drug abuse violations and the individuals involved.

### **STATEWIDE ARREST INFORMATION**

There were 150,330 arrests involving criminal offenses in Minnesota in 2015, with 107,267 males and 43,063 females arrested. There are also significant factors to consider when arrest data is evaluated:

- There can be multiple persons arrested for the same offense.
- An arrest of one or more persons can be reported for an offense that occurred during a previous reporting period.

Juvenile arrests include individuals under 18 years of age at the time of arrest.

Juveniles constitute 15% (22,932) of all arrests during 2015 and account for 19% (6,331) of the Part I arrests:

- 4% of Murder arrests
- 17% of Rape arrests
- 31% of Robbery arrests
- 13% of Aggravated Assault arrests
- 17% of Burglary arrests
- 19% of Larceny arrests
- 21% of Vehicle Theft arrests
- 43% of Arson arrests

Following are a series of charts illustrating trends in arrests by the age, sex and race of the arrestee, and arrests by offense category for 2015. Total arrests of adults and juveniles for Part I and Part II Offenses are available as Statewide, County and Region totals ([xls](#), [xlsx](#)) and Agency Totals ([xls](#), [xlsx](#)).

## DRUG ABUSE ARREST INFORMATION

Drug Abuse violations for the state in 2015 involved 17,478 arrests, with 13,393 males and 4,085 females arrested.

Drug Abuse arrests are further categorized by the type of drug involved:

- Opium or cocaine and their derivatives (morphine, heroin, codeine etc.)
- Marijuana
- Synthetic narcotics - manufactured narcotics that can cause true addiction (demerol, methadone, etc.)
- Other - includes dangerous nonnarcotic drugs (barbiturates, benzedrine, etc.) and meth.

Summaries of Drug Abuse Arrests by agency and region for 2015 are available at Statewide, County and Region totals ([xls](#), [xlsx](#)) and Agency Totals ([xls](#), [xlsx](#)).

**Figure 42**

This figure is available for [download](#).

Marijuana sales arrests for 2015 reflect a change to how arrests for drug paraphernalia are counted. Drug paraphernalia arrests are no longer counted as marijuana sales.

<sup>8</sup>Marijuana sales arrests for 2015 reflect a change to how arrests for drug paraphernalia are counted. Drug paraphernalia arrests are no longer counted as marijuana sales.

## **COMPARISON OF METRO-NONMETRO OFFENSES AND ARRESTS**

Metro-nonmetro crime comparisons are new to the Minnesota Uniform Crime Report in 2015 and replace urban-rural comparisons.

Urban was defined as any area served by a police department, while rural was any area served by a sheriff's office. As a result, when using urban--rural designations, towns with small populations were classified as urban and large sheriff's offices such as the Hennepin County Sheriff's Office were considered rural.

The FBI uses metro and nonmetro designations because they are more accurate than urban and rural designations.

For the purposes of the Minnesota Uniform Crime Report, metro areas contain a principal city or urban area with a population of at least 50,000 people. The reporting area includes the principal city; the county in which the city is located; and other adjacent counties with a high degree of economic and social integration with the principal city and county. (FBI Crime in the United States).

A nonmetro designation includes county law enforcement agencies that are not associated with a metro area.

Metro and nonmetro information is used to analyze and present statistical data about areas with major population centers compared with less populated areas.

The metro and nonmetro information gives a general indication of crime based on population density but does not represent data that can be applied to any one specific agency. Variations in crime are caused by a multitude of crime factors. The information presented in this section lists the numbers of specific criminal offenses reported to metro and nonmetro law enforcement agencies. For jurisdictional reasons, Capitol Security and State Patrol figures are excluded from this section of the report.

Of additional value is the ratio of metro to nonmetro crime offenses. The ratio is the number of one particular criminal offense in metro areas compared with the number of the same offense for nonmetro areas. For example, a ratio of 5:1 aggravated assaults indicates that for every five offenses of aggravated assault in a metro area, nonmetro areas experienced one aggravated assault.

**Figure 45 -- Minnesota Counties that meet the definition of Metropolitan Areas**

**Table 18 – Metropolitan Counties**

Metropolitan Area Center	Counties Included
Duluth	Carlton, St. Louis
Fargo	Clay
Grand Forks	Polk
La Crosse-Onalaska	Houston
Mankato-North Mankato	Blue Earth, Nicollet

## **CRIME OFFENSES AND ARRESTS FOR STATE JUDICIAL DISTRICTS**

The judicial district breakdown of crimes and arrests within Minnesota provides another measurement of the volume of crime based on specific areas. The judicial districts evaluated are based upon the ten judicial districts in the state.

**Figure 46**  
**State of Minnesota - Judicial Districts**

**Table 27 – Part I and Part II Offenses by Judicial District, 2015**

Judicial District	Population	Part I Offenses	Part I Clearances	Part I Percent Cleared	Part II Offenses	Part II Clearances	Part II Percent Cleared
1	779,012	14,528	5,606	39	20,028	11,882	59

## LAW ENFORCEMENT EMPLOYEE INFORMATION

Minnesota State Law Enforcement agencies reported a total of 13,710 sworn and civilian employees for 2015. Of that amount, 9,043 were sworn personnel and 4,667 were civilian employees.

The average number of full time law enforcement personnel in 2015 (including sworn and civilian) amounted to 2.5 employees for each 1,000 residents of the state. The average number of sworn personnel (excluding civilian) amounted to 1.6 full-time sworn personnel per 1,000 residents.

These figures represent the averages as derived from the submitted data and are not the recommended ratios for Minnesota law enforcement agencies. The average ratio of law enforcement personnel for any given community may, and does, vary according to a number of community and policing factors.

Staffing levels in 2015 and changes from the previous year were as follows:

- Sheriff's departments reported a total of 6,190 employees in 2015, which was a 1.9 percent staffing increase from the previous year 2014 with a total of 6,075.
- Police departments reported a total of 6,701 employees in 2015, which was a 2.1 percent staffing increase from the previous year 2014 with a total of 6,566.
- The State Patrol reported a total of 579 employees in 2015, which was a 7.7 percent staffing decrease from the previous year 2014 with a total of 627.
- Other zero population agencies reported a total of 240 employees in 2015, which was a 2.1 percent staffing increase from the previous year 2014 with a total of 235.

Of the total number of sworn personnel in 2015 (9,043), there were 7,938 males and 1,105 females. Considering the total number of civilian personnel for the same year (4,667), there were 2,054 males and 2,613 females.

Data on the number of employees by gender and agency is available for Police Departments ([xls](#), [xlsx](#)), Sheriffs ([xls](#), [xlsx](#)), Minnesota State Patrol ([xls](#), [xlsx](#)), and for Zero Population Agencies ([xls](#), [xlsx](#)).

**Table 30 – Police Department Employee Data**

Population Group	Population	Number Civilian	Number Sworn	Sworn Rate per 1,000	Total Employees	Total Rate per 1,000
Over 250,000	714,200	376	1,428	2.0	1,804	2.5
100,000 to 250,000	112,542	50	134	1.2	184	1.6

Non-Cities	79	161	240
State Patrol	102	477	579

## LAW ENFORCEMENT OFFICERS KILLED OR ASSAULTED

Vital information other than Uniform Crime Reporting is also collected that evaluates the number of law enforcement personnel who have been assaulted and/or killed. The data from those county (sheriff) and municipal (police) agencies reporting is collected and tabulated annually.

In 2012, Minnesota began the reporting of the assault or killing of law enforcement K-9 police dogs.

There were a total of 321 law enforcement officer assault incidents reported in Minnesota for 2015 with 385 officers assaulted. 306 of the assault incidents were cleared, with a clearance rate of 95%.

There was one law enforcement fatality in 2015, Deputy Steven Martin Sandberg, Aitkin County Sheriff's Office. There was one K-9 police dog assault without injury reported in 2015.

Data on officers killed or assaulted is available by agency ([xls](#), [xlsx](#)).

**Figure 47**

**Figure 48**

**Figure 49**

**Figure 50**

**Figure 51**

## LAW ENFORCEMENT OFFICERS FIREARM DISCHARGES

Pursuant to Minnesota State Statute 626.553, Subdivision 2, information is collected concerning firearm discharges by law enforcement officers in Minnesota. 1978 was the first full year that this information was available.

There were 39 firearms discharge incidents in 2015, with 161 shots fired. Of these, 30 incidents were in the course of duty or employment, and 9 incidents were accidental discharge.

There were 30 individuals fired at in firearms discharge incidents. Of these:

- 13 were killed
- 9 were wounded
- 8 had a resulting injury level of "Other", meaning they were not injured as a result of the firearms discharge.

Data on firearms discharges is available by incident ([xls](#), [xlsx](#)).

**Figure 52**

**Figure 53**

**Figure 54**

**Figure 55**

**Table 33 – Firearms Shots Fired by Agency Population Group, 2015**

Population Group	Number of Agencies Reporting	Shots Fired
Over 250,000	2	63
50,000 to 100,000	7	27
25,000 to 50,000	5	24
10,000 to 25,000	7	18
2,500 to 10,000	1	8
Under 2,500	1	17
25,000 to 100,000	3	3
Under 10,000	1	1

## POLICE PURSUITS

In 1988, the Legislature passed a law that required all pursuits by peace officers to be reported to the Department of Public Safety.

### **626.5532 PURSUIT OF FLEEING SUSPECTS BY PEACE OFFICERS.**

#### **Subdivision 1. Reports.**

If a peace officer pursues a fleeing suspect, the officer's department head must file a notice of the incident with the commissioner of public safety within 30 days following the pursuit. A pursuit must be reported under this section if it is a pursuit by a peace officer of a motor vehicle being operated in violation of section 609.487. The notice must contain information concerning the reason for and circumstances surrounding the pursuit, including the alleged offense, the length of the pursuit in distance and time, the outcome of the pursuit, any charges filed against the suspect as a result of the pursuit, injuries and property damage resulting from the pursuit, and other information deemed relevant by the commissioner.

#### **Summary**

There were 1,379 reported pursuit incidents in 2015. Of these, 586 resulted in some property damage, while 793 had no property damage reported.

For pursuits in which property damage was reported:

- 506 resulted in damage to the violator's vehicle
- 206 resulted in damage to squad cars
- 252 resulted in damage to property or other vehicles.

In 863 pursuits the violator driver was charged, in 398 the charge was unknown, and in 119 the driver was not charged.

Data on pursuits is available by Agency ([xls](#), [xlsx](#)).

## **BIAS MOTIVATED CRIMES**

In 1988, the Legislature passed a law requiring peace officers to report any incidents which were motivated by bias. 1989 was the first full year this information was collected.

### **626.5531 REPORTING OF CRIMES MOTIVATED BY BIAS**

**Subdivision 1. Reports required.** A peace officer must report to the head of the officer's department every violation of chapter 609 or a local criminal ordinance if the officer has reason to believe, or if the victim alleges, that the offender was motivated to commit the act by the victim's race, religion, national origin, sex, age, disability, or characteristics identified as sexual orientation. The superintendent of the Bureau of Criminal Apprehension shall adopt a reporting form to be used by law enforcement agencies in making the reports required under this section. The reports must include for each incident all of the following:

- (1) the date of the offense;
- (2) the location of the offense;
- (3) whether the target of the incident is a person, private property, or public property;
- (4) the crime committed;
- (5) the type of bias and information about the offender and victim that is relevant to that bias;
- (6) any organized group involved in the incident;
- (7) the disposition of the case;
- (8) whether the determination that the offense was motivated by bias was based on the officer's reasonable belief or on the victim's allegation; and
- (9) any additional information the super- intendent deems necessary for the acquisition of accurate and relevant data.

**Subd. 2. Use of information collected.** The head of a local law enforcement agency or state law enforcement department that employs peace officers licensed under section 626.843 must file a monthly report describing crimes reported under this section with the Department of Public Safety, Bureau of Criminal Apprehension. The commissioner of public safety must summarize and analyze the information received and file an annual report with the Department of Human Rights and the legislature. The commissioner may include information in the annual report concerning any additional criminal activity motivated by bias that is not covered by this section.

### **Summary**

There were 96 bias incidents reported in 2015, with 131 victims and 132 offenders.

Data on bias incidents for 2015 are available by Agency ([xls](#), [xlsx](#)).

## CARGO THEFT

*Information obtained from the FBI Summary Reporting Manual*

Due to the significant economic impact that cargo theft has on the United States economy and the potential for use by terrorist organizations, H.R. 3199, the “USA Patriot Improvement and Re-authorization Act of 2005,” was mandated by Congress on March 9, 2006. The Act requires the Attorney General to “take the steps necessary to ensure that reports of cargo theft collected by federal, state, and local officials are reflected as a separate category in the FBI Uniform Crime Reporting system.”

Cargo theft is the criminal taking of any cargo including, but not limited to, goods, chattels, money, or baggage that constitutes, in whole or in part, a commercial shipment of freight moving in commerce, from any pipeline system, railroad car, motor truck, or other vehicle, or from any tank or storage facility, station house, platform, or depot, or from any vessel or wharf, or from any aircraft, air terminal, airport, aircraft terminal or air navigation facility, or from any intermodal container, intermodal chassis, trailer, container freight station, warehouse, freight distribution facility, or freight consolidation facility. For purposes of this definition, cargo shall be deemed as moving in commerce at all points between the point of origin and the final destination, regardless of any temporary stop while awaiting transshipment or otherwise.

### SUMMARY

Minnesota agencies reported zero incidents of Cargo Theft for 2015.

# MINNESOTA MISSING CHILDREN AND ENDANGERED PERSONS REPORT

## BACKGROUND

In 1984, the Minnesota Legislature enacted the "Minnesota Missing Persons' Act". This Act provides for the commissioner of Public Safety to maintain a missing children and endangered person program. This program requires the commissioner to: provide the necessary computer systems to allow for the maintaining of data on missing children and endangered persons in the Federal Bureau of Investigation's National Crime Information Center; provide a system for broadcasting information on missing children and endangered persons regionally, statewide, multi-state and nationwide; and to annually compile statistical information related to missing children and endangered persons. The statute is as follows:

### Section 299C.52 MINNESOTA MISSING CHILDREN AND ENDANGERED PERSONS PROGRAM.

Subdivision 1. **Definitions.** As used in sections 299C.52 to 299C.565, the following terms have the meanings given them:

- (a) "**Child**" means any person under the age of 18 years or any person certified or known to be mentally incompetent.
- (b) "DNA" means deoxyribonucleic acid from a human biological specimen.
- (c) "**Endangered**" means that a law enforcement official has received sufficient evidence that the missing person is at risk of physical injury or death. The following circumstances indicate that a missing person is at risk of physical injury or death:
  - (1) the person is missing as a result of a confirmed abduction or under circumstances that indicate that the person's disappearance was not voluntary;
  - (2) the person is missing under known dangerous circumstances
  - (3) the person is missing more than 30 days;
  - (4) the person is under the age of 21 and at least one other factor in this paragraph is applicable;
  - (5) there is evidence the person is in need of medical attention or prescription medication such that it will have a serious adverse effect on the person's health if the person does not receive the needed care or medication;
  - (6) the person does not have a pattern of running away or disappearing;
  - (7) the person is mentally impaired;
  - (8) there is evidence that the person may have been abducted by a noncustodial parent;
  - (9) the person has been the subject of past threats or acts of violence;
  - (10) there is evidence the person is lost in the wilderness, backcountry, or outdoors where survival is precarious and immediate and effective investigation and search and rescue efforts are critical; or
  - (11) any other factor that the law enforcement agency deems to indicate that the person may be at risk of physical injury or death, including a determination by another law enforcement agency that the person is missing and endangered.
- (d) "Missing" means the status of a person after a law enforcement agency that has received a report of a missing person has conducted a preliminary investigation and determined that the person cannot be located.
- (e) "NCIC" means National Crime Information Center.

Subdivision 2. **Establishment.** The commissioner of public safety shall maintain a Minnesota

missing children and endangered persons program within the department to enable documented information about missing Minnesota children and endangered persons to be entered into the NCIC computer.

**Subdivision 3. Computer equipment and programs.** (a) The commissioner shall provide the necessary computer hardware and computer programs to enter, modify, and cancel information on missing children and endangered persons in the NCIC computer. These programs must provide for search and retrieval of information using the following identifiers: physical description, name and date of birth, name and Social Security number, name and driver's license number, vehicle license number, and vehicle identification number. The commissioner shall also provide a system for regional, statewide, multi-state, and nationwide broadcasts of information on missing children and endangered persons. These broadcasts shall be made by local law enforcement agencies where possible or, in the case of statewide or nationwide broadcasts, by the Bureau of Criminal Apprehension upon request of the local law enforcement agency.

**Subdivision 4. Authority to enter or retrieve information.** Only law enforcement agencies may enter missing children and endangered persons information into the NCIC computer or retrieve information from the NCIC computer.

**Subdivision 5. Statistical data.** The commissioner shall annually compile and make available statistical information on the number of missing children and endangered persons entered into the NCIC computer and, if available, information on the number located.

**Subdivision 6. Rules.** The commissioner may adopt rules in conformance with sections 299C.52 to 299C.565 to provide for the orderly collection and entry of missing children and endangered persons information and requests for retrieval of missing children and endangered persons information.

**Subdivision 7. Cooperation with other agencies.** The commissioner shall cooperate with other states and the NCIC in the exchange of information on missing persons.

## **Section 299C.53 MISSING PERSONS REPORT; DUTIES OF COMMISSIONER AND LAW ENFORCEMENT AGENCIES.**

**Subdivision 1. Investigation and entry of information.** (a) A law enforcement agency shall accept without delay any report of a missing person. The law enforcement agency shall not refuse to accept a missing person report on the basis that:

- (1) the missing person is an adult;
- (2) the circumstances do not indicate foul play;
- (3) the person has been missing for a short amount of time;
- (4) the person has been missing for a long amount of time;
- (5) there is no indication that the missing person was in the jurisdiction served by the law enforcement agency at the time of the disappearance;
- (6) the circumstances suggest that the disappearance may be voluntary;
- (7) the reporting person does not have personal knowledge of the facts;
- (8) the reporting person cannot provide all of the information requested by the law enforcement agency;
- (9) the reporting person lacks a familial or other relationship with the missing person; or
- (10) for any other reason, except in cases where the law enforcement agency has direct

knowledge that the person is, in fact, not missing and the whereabouts and welfare of the person are known at the time the report is being made.

A law enforcement agency shall accept missing person reports in person. An agency may also accept reports by telephone or other electronic means to the extent the reporting is consistent with the agency's policies or practices.

(b) Upon receiving a report of a person believed to be missing, a law enforcement agency shall conduct a preliminary investigation to determine whether the person is missing, and if missing, whether the person is endangered. If the person is initially determined to be missing and endangered, the agency shall immediately consult the Bureau of Criminal Apprehension during the preliminary investigation, in recognition of the fact that the first two hours are critical. If the person is determined to be missing and endangered, the agency shall immediately enter identifying and descriptive information about the person into the NCIC computer. Law enforcement agencies having direct access to the NCIC computer shall enter and retrieve the data directly and shall cooperate in the entry and retrieval of data on behalf of law enforcement agencies which do not have direct access to the systems.

Subdivision 2. **Location of missing person.** As soon as is practically possible after a missing person is located, the law enforcement agency which located or returned the missing person shall notify the law enforcement agency having jurisdiction over the investigation, and that agency shall cancel the entry from the NCIC computer.

Subdivision 3. **Missing and endangered persons.** If the Bureau of Criminal Apprehension receives a report from a law enforcement agency indicating that a person is missing and endangered, the superintendent may assist the law enforcement agency in conducting the preliminary investigation, offer resources, and assist the agency in helping implement the investigation policy with particular attention to the need for immediate action. The law enforcement agency shall promptly notify all appropriate law enforcement agencies in the state and, if deemed appropriate, law enforcement agencies in adjacent states or jurisdictions of any information that may aid in the prompt location and safe return of a missing or endangered person.

Subdivision 4. **Federal requirements.** In addition to the provisions of sections 299C.51 to 299C.565, the law enforcement agency and the Bureau of Criminal Apprehension shall comply with requirements provided in federal law on reporting and investigating missing children cases. For purposes of this subdivision, the definition of "child," "children," or "minor" shall be determined in accordance with the applicable federal law.

## **GOALS AND OBJECTIVES**

The primary goal of the "Minnesota Missing Children and Endangered Persons Program" is to assist in locating children and endangered persons reported missing in the shortest possible time thus ensuring their safe return by: requiring investigative action by law enforcement agencies; by requiring the entry of data on the missing child or endangered person; and by requiring an annual compilation of statistical information for evaluation of the missing children and endangered person problem in Minnesota.

The following table reflects the information directly from the Federal Bureau of Investigation's, National Crime Information Center's file for Minnesota.

As of December 31, 2015 there were 588 active missing person records in the FBI/NCIC system in Minnesota.

#### **MISSING PERSONS REPORT – January 1 - December 31, 2015**

**Table 36 – Missing Persons Totals by Month**

Month	Active	Entered	Cancelled
January	473	733	771

## APPENDIX A: GLOSSARY OF TERMS

**ADULT** - For Minnesota Uniform Crime Report purposes, a person 18 years of age or older.

**ARREST RATE** - The number of arrests reported for Part I and Part II offenses for each unit of population, generally per 100,000 persons. Arrest rates are computed in the same manner as crime rates.

**CLEARANCE RATE** The clearances reported for the year divided by the offenses reported for the year. Clearances that an agency reports in the calendar year may pertain to offenses that occurred in previous years. Therefore an agency could have more clearances than offenses for the year.

**CLEARED BY ARREST** - An offense is cleared by arrest, or solved for crime reporting purposes, when at least one person is (1) arrested, or (2) charged with the commission of the offense, and (3) turned over to the court for prosecution (whether following arrest, court summons, or police notice).

Although it makes no physical arrest, an agency can claim an offense is cleared by arrest when the offender is a person under 18 years of age and is cited to appear in juvenile court or before other juvenile authorities.

**COUNTY** - Subdivisions of state, each with its own government which includes a sheriff's department.

**CRIME FACTORS** - Conditions which affect the amount and type of crime that occurs in a geographical area.

**CRIME INDEX** - The total number of ten major offenses used to measure the extent, fluctuation and distribution of a crime in a given geographical area. Crime classifications used in the index are: Murder, Forcible Rape, Robbery, Aggravated Assault, Human Trafficking – Commercial Sex Acts, Human Trafficking – Involuntary Servitude, Burglary, Larceny, Motor Vehicle Theft, and Arson. Each of these offenses is referred to as an "Index Offense".

**CRIME RATE** - The number of index offenses reported for each unit of population, generally per 100,000 persons. Crime rates are computed for communities with varying populations by dividing the number of Index Crimes by the population and multiplying the answer by 100,000. (Example: 500 Index Offenses divided by 10,000 population times 100,000 = 5,000 Crime Rate).

**EXCEPTIONAL CLEARANCE** - In certain situations, law enforcement is not able to follow the three steps outlined under "Cleared by Arrest" to clear offenses known to them. Often they have exhausted all leads to clear a case. If agencies can answer all of the following questions in the affirmative, they can clear the offense *exceptionally* for the purpose of reporting to UCR.

1. Has the investigation definitely established the identity of the offender?
2. Is there enough information to support an arrest, charge, and turning over to the court for prosecution?
3. Is the exact location of the offender known so that the subject could be taken into custody now?

4. Is there some reason outside law enforcement control that precludes arresting, charging, and prosecuting the offender?

**JUVENILE** - For Minnesota Uniform Crime Report purposes, a person under the age of 18.

**PART I OFFENSES** - One of two main categories of crime used for crime reporting purposes. Part I offenses are by their nature more serious and/or occur frequently. The monthly tabulation of Part I offenses provides a count of "offenses known".

**PART II OFFENSES** – One of two main categories of crime classes used for crime reporting purposes. Part II offenses are generally less serious in nature. Monthly tabulations of Part II offenses are included in Minnesota's crime book.

**POPULATION FIGURES** - To compile the population estimates, the FBI UCR Program obtained city/town and county decennial population counts for the past five years population estimates from the U.S. Census Bureau. The UCR staff computed individual rates of growth from one year to the next for every city/town and county. Each agency's rates of growth were averaged; that average was then applied and added to its 2014 census population figure to derive the 2015 population estimates.

**PROPERTY CRIME** - Consists of Burglary, Larceny, Motor Vehicle Theft, and Arson.

**VIOLENT CRIME** - Consists of Murder, Rape, Robbery, Aggravated Assault, Human Trafficking – Commercial Sex Acts and Human Trafficking – Involuntary Servitude.
